Rec Board Corner

This year may look a little different compared to the last few years here in the community. With the pandemic upon us, it has put a halt to numerous events our community has began hosting annually.

With that being said, the Rec Board would still like to wish everyone a happy and healthy winter this year.

I personally would like to give a shout out to our Council members Stacey Wutzke, Richard Kalinocha, Jason Beckman and Shawn Viczko for their hard work and effort during the last 4 years on council. These men worked hard to maintain and improve our Village time and time again, even when challenges arouse.
